

MOHAMED SAMIR SHAABAN

Software Engineer | MERN & Frappe Developer

Email: mohamed.nasef1919@gmail.com | WhatsApp: +201026457619

TECHNICAL STACK

Web Development: MERN Stack (MongoDB, Express, React.js, Node.js)

Frameworks: Frappe Framework, ERPNext, HRMS

Mobile: React Native

Cybersecurity: Network Auditing, Bettercap, Scapy, Packet Sniffing

Design & 3D: Three.js, OpenCV, Blender Python Scripting

EDUCATION

Information Systems: Future Institute, Class of 2021

RESEARCH & PROJECTS

Nujoum Project: Analyzing physical wave properties (Sound/Light) and their effects.

3D Portfolio: A strategic chess-themed interactive interface built with React & Three.js.

PHILOSOPHY

I value direct communication and simple, effective solutions. A team player focused on continuous learning and solving complex problems with an out-of-the-box perspective.
